# CARE OF YOUR CARPET

## Daily Maintenance, Stain Removal, Periodic Cleaning

**Daily Care** The best care you can give your carpet is to give it a light vacuum every day.

On a cut pile carpet the use of either an upright with beater bar, or a suction-only vacuum is recommended. However, for loop pile carpets suction-only should be used.

For spillages on the carpet, remove excess with a spoon or blunt knife then blot with an absorbent cloth or tissue as soon as possible. Tackle any remaining stain with one of the carpet care products given below. **NEVER use household detergents as they damage the carpet.** Apply spot remover to a clean white cloth and then blot the stained area with the cloth, starting on the outer edge of the stain and working inwards. Blot up released stain with a dry cloth or tissues. Brush to align pile. Leave to dry.

**Periodic Cleaning** When your carpet reaches a stage where it would benefit from a thorough clean, it is best to call in the services of a professional carpet cleaning company.

For information on your nearest **WOOLSAFE accredited carpet cleaning company** or carpet care products call or email **The WOOLSAFE Organisation** on:

**01943 850817 or**

### 4 carpet care products will tackle most of your problems

1. Carpet shampoos - \*1001 Manual Carpet Shampoo or \*Astonish Carpet & Upholstery Shampoo, diluted according to the manufacturers instructions.
2. Spot removers for water-based stains - \*1001 Troubleshooter or \*OxyKic Permanent Carpet Spot Stain Remover used to the manufacturers instruction.
3. Spot removers for greasy stains - \*Dyzolv or \*Natural & Clean Spot Remover. For paints: white spirit. For ballpoint pens: surgical spirit. For nail varnish: acetone or nail varnish remover. Use solvent based products only in a well ventilated area.
4. Powders / Dry Extraction Cleaners - \*SEBO Duo-P Powder, \*Zorb Dry-Cleaning Powder or \*Clean Dry Microsponges.

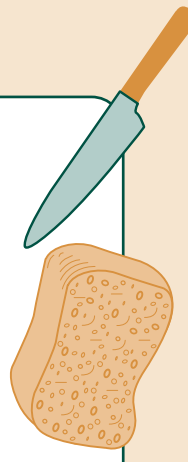

**A**  
Beer, Chocolate Drink, Cola, Egg, Fruit Juice, Gravy, Tea, Sauces, Soft Drinks, Urine, Water Soluble Inks, Wine.

Scoop up excess, apply absorbent powder, then carpet shampoo.

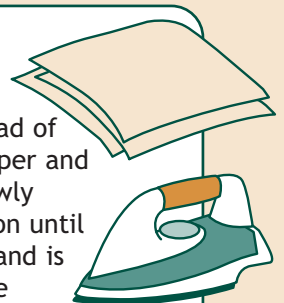

**B**  
Butter, Chocolate Bar, Cream, Felt Tip Pen, Floor Wax Glue, Grease, Lipstick, Oil, Polish (furniture or shoe, Tar/Asphalt.

Scoop up excess, apply dry cleaning solvent, then carpet shampoo.

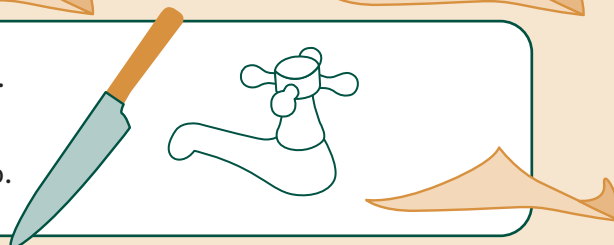

**C**  
Candle Wax.

Cover with a wad of white tissue paper and gently heat slowly with a warm iron until the wax melts and is absorbed by the tissue. Change tissues frequently until wax is removed.

**D**  
Emulsion paint, milk, blood.

Scoop up excess, apply cold water, then carpet shampoo.

\* These are WOOLSAFE approved carpet care products, obtainable from your local supermarket or carpet retailer. Look for the WOOLSAFE Mark on the bottle or package.
